Workshop Overview

The **Workshop** is an interactive, 3-day training program designed to provide an in-depth assessment of the strategic principles and best practices which govern loyalty marketing programs. The workshop will deliver this assessment from the perspective of both Consumer and B2B customer relationships.

Through a combination of lecture, discussion, case studies and the use of specific loyalty and retention evaluation tools, this workshop seeks to expand the participant's knowledge and understanding of the available techniques used around the world by loyalty and relationship marketing professionals. The workshop is intended for senior level marketing and loyalty program decision-makers in both Consumer and B2B markets, including those agencies and service providers who support client loyalty programs.

Upon conclusion of the workshop and successful completion of the Final Exam, each participant will earn the distinction as a Certified Loyalty Marketing Professional™.

About the Case Study

A case study of a real-world loyalty design problem is given to all registered participants *prior* to the start of the workshop. Advance review is requested. Throughout each instructional module of the workshop, participants are asked to discuss and outline their design and strategies for the section being covered. By the end of Day 3, participants will have a high-level design outline for the complete program to *compare to the real-world outcome deployed by the client!*

"if you are involved in the loyalty marketing industry or looking to adopt a loyalty solution for your best customers, this is the most important workshop you'll ever attend." - VP Marketing - Financial Services Institution
